RESUME

Name: Rohini Ravindra Adik

Email ID: rohini.adik24@gmail.com

Mobile No: 9011519914

Objective

Motivated and detail-oriented fresher with strong knowledge of **Python, SQL, and .NET technologies**. Seeking an entry-level position to apply my technical skills, contribute to software development projects, and grow as a professional in a dynamic organization.

Technical Summary

- Driven and detail-oriented fresher with expertise in **Python**, **SQL**, and **Microsoft .NET** technologies.
- Experienced in building basic applications and working with databases.
- Passionate about learning new technologies and delivering high-quality software solutions.
- Proficient in core **Python** concepts such as **OOP**, data structures (lists, tuples, dictionaries), and control flow statements.
- Knowledge of file operations, exception handling, and modular programming in Python.
- Basic understanding of libraries and writing clean, optimized, and maintainable code.
- Implemented **Entity Framework** for database connectivity and performed data operations using **SQL Server**.
- Built and maintained modules using **ASP.NET Core** integrated with **SQL Database** for back-end functionality.
- Skilled in front-end technologies such as **HTML, CSS, and JavaScript** for developing responsive and user-friendly interfaces.
- Strong understanding of **object-oriented programming (OOP)** and **MVC architecture**.
- Passionate about learning new technologies and contributing to high-quality, scalable software solutions.

Technology

- **Language :** Python ,C Sharp, MVC,ADO, ASP.NET, .NET Core
- **Database:** MySQL,SQL,SQL Server
- **Frontend :** HTML, CSS, JavaScript
- **OS:** Windows 8,10,11

Project Details

Project_2:

Project Name: Employee Performance Tracking System

Description:

- Developed a web application using ASP.NET Core MVC and Entity Framework to track employee goals, performance reviews, and ratings.
- Implemented CRUD operations and SQL Server integration for data management.

Technologies Used: ASP.NET Core, C#, Entity Framework, SQL Server, HTML, CSS, JavaScript.

Project_1:

Project Name: Employee Management System

Description:

- Developed a web-based employee management application for managing employee records, attendance, and payroll.
- Created and consumed REST APIs for data retrieval and update.
- Implemented search, filter, and pagination features for large data sets

Technologies Used: .NET Core, Entity Framework, SQL Server

Educational Details

Completed **BSc (Computer Science)** from Savitribai Phule Pune University in 2023.

Personal Details

Name:	Rohini Ravindra Adik
Permanent Address:	At Post Khanapur Tal- Shrirampur Dist-Ahmednagar
Date of birth:	24/06/2002
Marital status:	Single
Language known:	English, Hindi, Marathi

I hereby, declare that the above given information is true to the best of my knowledge and belief.
