SHRIKANT DESHMUKH

SAP FI Analyst | SAP S/4HANA Financial Accounting | SAP Certified Associate

Pune, Maharashtra, India • +91 8806369134 • shrideshmukh1030@gmail.com • SAP Certificate ID: P2009520785

PROFESSIONAL SUMMARY

SAP FI Certified Associate (ID: P2009520785) with 3+ years of hands-on SAP application support experience on a live global SAP S/4HANA landscape for Nestlé S.A., the world's largest food & beverage company. Specialist in end-to-end incident management, root-cause analysis, and defect resolution across General Ledger (GL), Accounts Payable (AP), Accounts Receivable (AR), Asset Accounting (AA), and Bank Accounting. Delivered measurable business impact — cut period-close cycle by 40% and improved financial reporting accuracy by 25% through support-driven process optimisation. Maintained zero SLA breaches as sole SPOC for 3+ global markets. Strong cross-functional collaborator across FI, CO, SD, and MM tracks.

CORE COMPETENCIES & TECHNICAL SKILLS

SAP FI Modules: General Ledger (GL) • Accounts Payable (AP) • Accounts Receivable (AR) • Asset Accounting (AA) • Bank Accounting

SAP Platform: SAP S/4HANA Financial Accounting • SAP ERP • IDoc Processing • Electronic Bank Statement (EBS)

Support Expertise: Incident Management • SLA Management • Root Cause Analysis • Defect Prioritisation • Hypercare Support

Config Support: Automatic Payment Program (APP) • Payment Terms • Master Data Governance • Posting Periods • Document Types

Integration Support: FI-SD • FI-MM • FI-CO Cross-Module Issue Resolution • Reconciliation • Financial Reporting (Monthly/Quarterly)

Tools & Collaboration: SharePoint • Issue Tracking • Client Stakeholder Reviews • Change Management • SPOC Delivery

WORK EXPERIENCE

SAP FI Analyst | Smart Software Services Pvt Ltd., Pune, India | **june 2023 – Present**

Client: Nestlé S.A. — Global SAP S/4HANA Application Support Engagement | World's Largest Food & Beverage MNC

- **Reduced fiscal period-close cycle by 40%** (5 days → 3 days) by diagnosing and resolving recurring SAP FI General Ledger reconciliation failures — enabling the finance team to consistently meet tighter month-end reporting windows.
- **Improved financial reporting accuracy by 25%** through proactive Master Data quality support across GL, AP, AR, and Asset Accounting — identifying and correcting mispostings, duplicate entries, and clearing discrepancies before period close.
- **Maintained zero SLA breaches across 2.6 years** as sole SPOC for Nestlé market clients in 3+ global regions — triaging, escalating, and resolving 15+ SAP FI incidents per week with full audit trail documented in SharePoint.
- **Cut IDoc failure resolution time by ~30%** by developing a structured triage-and-reprocessing protocol with the messaging team — eliminating vendor payment delays and preventing downstream AP ledger inconsistencies.
- **Ensured continuity of Automatic Payment Program (APP) operations** by diagnosing payment run failures, validating configuration, and coordinating fix deployment — guaranteeing on-time vendor disbursements across global Nestlé markets.
- **Recovered ~8 hours/month of manual reconciliation effort** by resolving Electronic Bank Statement (EBS) upload errors and GL clearing mismatches — restoring automated bank reconciliation and eliminating manual workarounds.
- **Resolved FI-SD, FI-MM, and FI-CO cross-module integration defects** — ensuring zero data inconsistencies between procurement, sales, and accounting ledgers and supporting stable end-to-end financial process flows.
- **Drove stakeholder transparency and change control** by conducting weekly client review meetings and maintaining a live SharePoint issue tracker — delivering SLA dashboards, incident reports, and change logs to Nestlé finance leadership.
