Professional Summary:

Dynamic and detail-oriented Microsoft Dynamics 365 Consultant with 3 years of experience specializing in CRM and Finance & Operations (F&O) modules. Proven track record in full lifecycle implementations, solution design, customization and technical consulting. Currently working as an Associate Consultant at Capgemini, contributing to digital transformation across the smart energy supplier's domains. Skilled in sales support, demos, FDDs, technical documentation and stakeholder engagement. Have knowledge in bridging business needs with technical solutions using D365, X++, Power Platform and C#.

Core Skills:

Microsoft Dynamics 365 (CRM & F&O):

- Development, Deploying, Configuration & Customization (Entities, Workflows, Plugins, Security Roles, Dashboards), Power Platform, Outlook
- Solution Design, FDDs

Technical Skills:

- Languages: C#, X++, SQL, JavaScript,
- Reporting: SSRS, Power automates (basic), FetchXML

Tools & Utilities:

- XRM Toolbox, Ribbon Workbench, Visual Studio

Professional Experience: 3 years

Capgemini Technologies (Dec2022- Present), Bengaluru

Designation: Associate Consultant

Project 1: Hospital Management System (Healthcare)

- Gathered requirements and mapped hospital operations (admissions, appointments, lab tests billing) into D365 CRM modules.
- Based on the client requirement configured entities, workflows and plugins for patient registration, discharge and financial tracking.
- Developed custom dashboards & SSRS reports for real-time billing insights.
- Delivered Power Apps solution for mobile appointment booking.
- Result: Reduced patient onboarding time, improved billing efficiency and enhanced customer satisfaction.

Project 2: Smart Meters Management (Utilities Industry)

- Implemented D365 F&O customizations (X++) for smart meters (Electric & gas)
- Designed CRM dashboards to track real-time meter data and generate alerts.
- Migrated 100% accurate data from legacy system to D365.
- Supported pre-sales team by preparing FDDs, demos and post deployment steps walkthroughs for clients.
- Coordinating and helping with other teams for different types of testing (UAT, Regression).

Certifications:

- PL900: Microsoft Power Platform Fundamentals - Microsoft
- MB-300: Microsoft Dynamics 365 F&O – Core Finance and Operations – Microsoft.
