QA Engineer

SUMMARY

Detail-oriented QA Automation Engineer with 3+ years of experience in Selenium WebDriver, Java, TestNG, and RestAssured. Skilled in manual testing, API automation, SQL, and Agile practices. Improved test coverage by 40% and known for identifying bugs early to ensure faster, high-quality releases.

Skills Set

Automation:
- Playwright
- Selenium
- TestNG
- Cucumber BDD
- Page Object Model (POM)
- Maven

Programming:
- Core Java

API:
- Rest Assured
- Postman

Database:
- SQL

CI/CD:
- Jenkins

Version Control:
- Git
- GitHub

Tools:
- Jira
- Azure DevOps

Manual Testing
- Test Case Design & Execution
- Test Scenario Preparation
- Functional Testing
- Regression Testing
- Smoke Testing
- Sanity Testing
- Integration Testing
- System Testing
- User Acceptance Testing (UAT)
- Exploratory Testing
- Defect Identification & Reporting
- Defect Life Cycle Management
- Requirement Analysis
- Test Data Preparation
- Cross-Browser Testing

PROFESSIONAL EXPERIENCE

Varseno Solutions (April-2026 to May-2026)

Project: CMS – AIA Contracts (E-Commerce)

Overview:

CMS – AIA Contracts is a web-based contract management application used for purchasing and managing AIA standard contract documents. The application provides secure document management, subscription services, digital contract workflows, and user access management for customers.

Responsibilities

- Developed and maintained UI automation scripts using Selenium WebDriver with Core Java.
- Designed reusable automation framework using TestNG and Page Object Model (POM).
- Automated end-to-end workflows including login, contract search, purchase, cart, and checkout.
- Performed API Automation using Rest Assured and validated APIs through Postman.
- Executed SQL queries to validate backend data integrity.
- Worked with developers during sprint execution to resolve automation issues.
- Participated in Agile ceremonies and ensured timely delivery of quality releases.

Jounetsu Solutions (Nov-2023 to Dec-2025)

Project: Blockchain-Based Trade Finance Solution

Overview:

A blockchain-based trade finance application developed to simplify trade finance operations by automating business processes and secure document transactions. The solution improved transparency, security, and workflow efficiency.

Responsibilities

- Designed automation test scripts for critical trade finance workflows using Selenium WebDriver and TestNG.
- Validated blockchain transaction workflows and end-to-end business processes.
- Executed API testing to verify request and response data.
- Performed database validation using SQL queries.
- Executed Cross-Browser Testing across multiple environments.
- Reported defects using Jira and collaborated with developers for issue resolution.
- Supported sprint activities and maintained automation test suites.

Project: Instant Insurance Claims Tracking System

Overview

A web-based insurance application that enables policyholders to track claim status in real time and improves claim processing efficiency.

Responsibilities

- Designed and executed manual and automation test cases.
- Automated UI test scenarios using Selenium WebDriver with Java.
- Validated APIs using Postman and verified data using SQL.
- Performed Functional, Smoke, and Regression Testing.
- Logged and tracked defects using Jira.
- Collaborated with developers in an Agile environment.

Techwave Consulting India Pvt Ltd (April-2022 to June-2023)
Project: OneWave (HRMS)
Overview
OneWave is a Human Resource Management System (HRMS) used to manage attendance, leave, timesheets, projects, and employee activities.
Responsibilities

- Prepared and executed test cases based on business requirements.
- Performed Manual, Functional, and Regression Testing.
- Developed automation scripts using Selenium WebDriver with Java.
- Executed SQL queries for database validation.
- Logged defects using Jira and coordinated with developers.
- Participated in Agile Scrum activities to ensure quality releases.

EDUCATION

- B.E. Mechanical Engineering – RTMNU – 2020
- Diploma – MSBTE – 2017
- HSC – Maharashtra State Board – 2014
- SSC – Maharashtra State Board – 2012
