Full-stack developer with a passion for building fast, scalable web and mobile apps. Proven track record in backend architecture, frontend optimization, and team mentorship-driving 30%+ user retention and accelerating product delivery in fast-paced startup environments.

SKILLS

- React.js, Redux
- React Native, EXPO
- JavaScript, TypeScript
- Node.js, Express.js
- FastAPI, Python
- Prompt Engineering, Prompt Refinement
- MongoDB, PostgreSQL, Firebase, SQL
- AWS
- Git (branching strategies, pull requests)
- HTML5, CSS3

EXPERIENCE

Full Stack Developer

Sep 2024 – Sep 2025

StocAI / DreamAlle Solutions

- Designed and tested dynamic prompt pipelines for seamless integration with OpenAI's ChatGPT API, reducing failure cases and optimizing performance across use cases.
- Redesigned the backend architecture using FastAPI and MVC principles, cutting feature development time by 15% and enhancing code modularity for long-term scalability.
- Optimized PostgreSQL database schemas, improving data storage efficiency and slashing query execution times by 25%.
- Engineered reusable API modules and integrated dynamic frontend visualizations, leading to an 11-second reduction in response time and a 32% increase in user retention.
- Owned backend infrastructure and security implementations, enabling a faster and more secure product significantly boosted user trust and operational reliability.
- Developed and deployed responsive landing and home pages using Next.js and React, leveraging Server-Side Rendering (SSR) to improve SEO visibility and achieve faster initial page load times.
- Collaborated closely with design teams to translate Figma mockups into pixel-perfect, accessible, and high-performing React components with optimized rendering and state management.

Software Development Engineer

Dec 2023 – Aug 2024

Akashalabdhi

- Engineered and launched a dynamic company website, significantly enhancing the company's online presence, 30% increase in web traffic within the first three months.
- Implemented performance optimizations that reduced page load time by 20%, contributing to higher user satisfaction and conversion rates.
- Collaborated with design and business teams to ensure product-market alignment and intuitive UI design.
- Built a React Native mobile app with key user-centric features that improved session duration and engagement by 30%.

EDUCATION

Bachelor of Technology

Graphic Era University, Dehradun

Jan 2023
