Profile Summary

Passionate Frontend Engineer with 4+ years of hands-on experience in **JavaScript, React.js, Next.js, Supabase, and Node.js**. Skilled in architecting reusable UI components, integrating APIs, and optimizing app performance for scalability and speed. Focused on writing clean, maintainable code and transforming Figma designs into seamless, production-grade user experiences.

Work Experience

Procohat Technologies Pvt. Ltd. *2022 – Present*
Frontend Engineer *Nagpur, India*

- Developing and maintaining scalable web applications using **React.js, Next.js**, and **Supabase** for backend integration.
- Collaborating with backend teams to design and implement RESTful APIs and **Node.js** server logic for dynamic features.
- Building responsive, accessible UIs with reusable React components and Tailwind CSS.
- Integrating authentication, database, and file storage with Supabase for improved data security.
- Migrated legacy projects to modern **Next.js** architecture, improving maintainability and SEO.
- Mentoring junior developers and contributing to project planning and CI/CD deployment pipelines.

Procohat Technologies Pvt. Ltd. *2021 – 2022*
Frontend Developer Intern *Nagpur, India*

- Collaborated on live client projects building responsive web interfaces using **React.js, Next.js, and SCSS**.
- Developed reusable UI components and enhanced frontend performance across multiple modules.
- Gained experience in API integration, state management, and Git-based version control.

Education

M.Sc. in Computer Science *2021 – 2023*
R.Y.K. Science College, Savitribai Phule Pune University *67.33%*

B.Sc. in Computer Science *2017 – 2020*
R.Y.K. Science College, Savitribai Phule Pune University *67.66%*

Projects

Anandam TV *2025*
Next.js & Supabase *Old Age Home Management Platform*

- Developed a full-stack web application for old-age home activities and entertainment using Next.js, Supabase, and Tailwind CSS.
- Implemented user roles, content management, and real-time data updates, allowing admins to manage events, videos, and resident engagement seamlessly.
- Optimized frontend performance and designed a responsive, accessible UI based on Figma prototypes, ensuring ease of use for elderly users.
- Integrated secure Supabase authentication and data storage for reliable content handling and admin access control.
- Deployed the platform on Vercel, ensuring fast load times, scalability, and 24/7 accessibility at www.anandam.live .

Technical Skills
