Sanjeevakumar C Myali

Manual QA Engineer | Software Test Engineer

Bangalore, Karnataka, India | 9591898115 | sanjeevkumarm026@gmail.com | LinkedIn

PROFESSIONAL SUMMARY

Manual QA Engineer with 3+ years of experience in functional testing, regression testing, API testing and defect management across web, desktop, Android and iOS applications in Agile/Scrum teams. Skilled in writing test plans, test scenarios and test cases from requirements, user stories and acceptance criteria, and in executing smoke, sanity, integration, system, cross-browser and localization testing. Proficient in JIRA bug tracking, Postman REST API testing and the full SDLC/STLC, with a 95%+ defect detection rate. Recipient of the Best Employee Award for delivery quality and cross-team collaboration.

TECHNICAL SKILLS

- **Testing Types:** Manual Testing, Functional Testing, Regression Testing, Smoke Testing, Sanity Testing, Integration Testing, System Testing, User Acceptance Testing (UAT), Cross-Browser Testing, Localization Testing, Compatibility Testing, End-to-End Testing
- **Test Design and Documentation:** Test Plan, Test Strategy, Test Scenarios, Test Cases, Acceptance Criteria, Requirement Analysis, Test Data Preparation, Test Execution Reports
- **API Testing:** Postman, REST API Testing, API Test Case Design, Request and Response Validation
- **Defect Management:** JIRA (Bug Tracking, Sprint Management), Defect Life Cycle, Bug Reporting, Defect Verification, Retesting
- **Methodologies:** Agile, Scrum, SDLC, STLC, Sprint Planning, Daily Stand-ups, Sprint Reviews, Retrospectives
- **Platforms and Browsers:** Web, Desktop, Android, iOS; Chrome, Mozilla Firefox, Microsoft Edge
- **Basic Automation (supporting):** Playwright, TypeScript, Selenium WebDriver, Core Java, TestNG
- **Tools:** Jenkins, Git, VS Code, Eclipse IDE

PROFESSIONAL EXPERIENCE

Test Engineer (Contractor) | Fiery Digital Imaging India Pvt. Ltd.

Bangalore, India | May 2023 – Present

Projects: Seton (Mario & Luigi), Shinne (Matsuo & Bahso), Suzuka, BigSur 1.0

- Designed and executed 500+ test cases per release cycle from functional requirements, user stories and acceptance criteria, achieving a defect detection rate above 95%.
- Performed end-to-end functional testing, regression testing, smoke testing, sanity testing and system testing across multiple releases, reducing post-release critical defects by finding issues early in the SDLC.
- Logged, tracked, retested and verified 260+ defects in JIRA with detailed bug reports, steps to reproduce and severity and priority, working with developers to get timely fixes.
- Tested REST APIs with Postman, designing API test cases to validate requests, responses, status codes and integrations.
- Performed cross-browser testing on Chrome, Edge and Firefox to keep the UI/UX consistent and remove browser-specific defects before production.
- Tested on Android and iOS devices to validate stability, performance and compatibility across OS versions and device configurations.
- Performed localization testing to verify multi-language support for global markets.
- Prepared test plans, test scenarios and test execution reports, and refined the test strategy with developers, product owners and business analysts to clarify requirements.
- Took part in Agile/Scrum ceremonies including sprint planning, daily stand-ups, sprint reviews and retrospectives.

- Executed 140+ automation suites using Playwright, TypeScript, Selenium WebDriver and TestNG through Jenkins and Git, and led a small team to complete all suites successfully.

Trainee Test Engineer | In Time Tec VisionSoft Pvt. Ltd.
India | April 2022 – September 2022
Project: Truckstop (RMIS, Risk Management Information System web application)

- Assisted senior QA engineers in designing and executing manual test cases for the Truckstop RMIS web application.
- Performed functional testing and regression testing, logged defects in JIRA and verified fixes across iterative releases.
- Built a foundation in SDLC, STLC, Agile methodology and the defect life cycle.

EDUCATION

- Bachelor of Engineering (B.E.), Electrical and Electronics Engineering | Rao Bahadur Y. Mahabaleshwarappa Engineering College, Bellary | 2021
- Diploma, Electrical and Electronics Engineering | Sanjay Gandhi Polytechnic, Bellary | 2017

ACHIEVEMENTS

Best Employee Award, Fiery Digital Imaging India Pvt. Ltd., for outstanding performance, delivery quality and cross-team collaboration.
