TECHNICAL SKILLS

- **Programming Languages:** Python, HTML, CSS, JS, Java Core (with OOPs concepts).
- **Tools & Version Control:** Visual Studio code**,** Git, Github.
- **Technologies:** Django, Tensorflow, Pytorch
- **Databases:** MYSQL, SQLite3, MongoDB
- **Concepts:** Artificial Intelligence, Machine Learning, Data Science, Database Normalization, API, LLM's.

EXPERIENCE

- **Software Developer | Tega IT Solutions PVT. LTD.** (Feb 2024 - Current)
  Collaboration: Worked on 30+ student projects, 1 product-based project, and 1 live project using Python, Django, and machine learning. Built and deployed full-stack applications with HTML, CSS, JavaScript, and Django. Integrated ML models and optimized backend performance.

EDUCATION

- MCA | K.K.Wagh Institute Of Engg. Education And Research, Nashik. 79.43% | *July 2024*
- BSC(Comp. Sci.) | H.P.T Arts & R.Y.K Science College, Nashik. 86.73% | *October 2022*
- HSC | G.M.D Arts, B.W. Commerce And Science College, Sinnar, Nashik. 69.23% | *June 2019*
- SSC | B.N.Sarda Vidyalaya, Sinnar, Nashik. 85.80% | *March 2017*

PROJECTS

Live Project | Python, Django, API Integration, SQLite3, HTML, CSS, JS

Developed the backend of an online cab booking system using the Django framework. Handled RESTful API integration, implemented dynamic routing with map-based location services, and managed source/destination listings. Enabled real-time route creation and trip booking functionality using geolocation data.

IoT-Enabled Employee Tracking Software (Product Based) | Python, Django, Sqlite3, HTML, CSS, JS

This is an industry-based employee attendance system using IoT for real-time tracking. The software provides live monitoring of staff in each department, ensuring accurate attendance and efficient workforce management.

Superlative Classification Model | Python, Django, Machine Learning, HTML, CSS, JS, sqlite3.

This machine learning-based project consists of three modules: image, pose and csv. Developed using the Django Framework, it is designed to be user-friendly for individuals without prior knowledge of machine learning concepts.

SOFT SKILLS

- Problem-solving and analytical skills.
- Effective communication and team collaboration.
- Adaptability and flexibility.
- Attention to detail and quality assurance.
- Time management and organization.

CERTIFICATES

- AWS Cloud Practitioner Essential Certificate. (24/06/2022)
- Core Java Certificate (ISO Certified). (20/05/2022)

SOCIAL ENGAGEMENTS

- Extra-Curricular: 1-month internship in Railways under Rail Kaushal Vikas Yojna Scheme.
- Participation: In Solar Workshops & IOT Workshops at R.Y.K College.
