Software Engineer **A S Software Services Pvt. Ltd, India** **May 2022 –Sep 2023**

- Developed micro-services based REST APIs using Java and Spring Boot, improving system integration efficiency by 25%.
- Built front-end modules using Angular and Ionic framework, enhancing UI performance and usability by 20%.
- Designed SQL queries and stored procedures, reducing data retrieval time by 30%.
- Conducted product demonstrations and KT sessions, improving team productivity and on boarding efficiency by 15%.
- Supported end-to-end project life-cycle including development, testing, and deployment, ensuring timely delivery of application releases.

PROJECT EXPERIENCE

- **Project Title: SuperApp:** Super App is a customer-facing digital platform that provides a unified experience for Loans, Insurance, and Investment services. Integrated with LOS (MTEZZ) and LMS (FinnOne & AutoFin), it supports Vehicle, Personal, and Fixed Loans through seamless end-to-end digital journeys. The platform leverages third-party integrations such as KYC, Credit Bureau, Payment Gateway, Authentication, and e-Sign services, and was delivered in phased releases (MVP1–MVP4) to enable scalable growth and continuous feature enhancements.
- **Project Title: ScaleFin:** A Loan Management System designed to automate the complete loan lifecycle, including loan origination, credit evaluation, disbursement, repayment tracking, and delinquency management. Helps financial company improve operational efficiency, reduce risk, and enhance customer experience through automated lending workflows.
- **Project Title: OMNIFIN GOLD LOAN (LMS):** Loan Management System developed to manage the complete gold loan lifecycle including loan processing, collateral management, repayment tracking, and loan closure. Enabled financial institutions to streamline gold loan operations and improve loan monitoring efficiency.
- **Project Title: OMNIFIN DIGITAL (LOS):** Digital Loan Origination System designed to automate loan application, verification, approval, and onboarding processes for business loans. Helped financial firms accelerate loan processing and improve customer onboarding experience.

EDUCATION

- Master's in Computer Application, MCA (2023-2026).
- Bachelor's in Computer Application (2018-2021) from Shyam Lal College (University of Delhi).

COURSE & CERTIFICATION

- Practical Insights of Business Analyst (PIBA) Course by InteractX.
- Six Month Diploma Course in Java Full Stack from DUCAT (Institute of Information Technology).
