Professional Summary

Full-Stack Developer with 3 years of experience in Python, Django, and Django REST Framework (DRF). Skilled in developing scalable backend systems, building high-performance RESTful APIs, and optimizing database queries using PostgreSQL and Django ORM.Strong understanding of API design, backend architecture, and performance optimization, with experience in Agile development and unit testing.

Technical Skills

- **Frontend:** React.js, React Hooks, Context API, Redux, JavaScript (ES6+), HTML5, CSS3, Bootstrap
- **Backend:** Python, Django, Django REST Framework (DRF)
- **Database:** MySQL, PostgreSQL
- **API & Tools:** RESTful APIs, Postman, JSON, Axios/Fetch, Unit Testing, Debugging, API Integration
- **Cloud/DevOps:** Git, GitHub
- **Concepts:** Object-Oriented Programming (OOP), MVC Architecture, Software Development Lifecycle (SDLC), Backend Architecture, Scalable Systems, Performance Optimization, Responsive Design
- **Operating Systems:** Windows
- **Tools/IDEs:** Visual Studio Code, Eclipse, IntelliJ IDEA

Professional Experience

Sateri Digital Pvt. Ltd., Pune
Full-Stack Developer | July 2023 – Present

- Designed and developed scalable backend applications using Python, Django, and Django REST Framework (DRF).
- Built and maintained RESTful APIs, enabling efficient communication between frontend and backend systems.
- Implemented business logic, serializers, and API endpoints using DRF. • Designed and optimized database schemas and complex queries using Django ORM and PostgreSQL.
- Improved API performance, response time, and data processing efficiency through query optimization and caching strategies.
- Performed API testing, debugging, and unit testing to ensure high code quality and reliability.

- Collaborated with cross-functional teams in an Agile/Scrum environment for feature development and delivery.
- Mentored junior developers and conducted knowledge transfer sessions on backend development and API design.

Key Achievements:

• Enhanced API performance and backend scalability by optimizing database queries and application logic.

- Contributed to system architecture, database design, and REST API standardization

IND-SAC Softech Pvt. Ltd., Bangalore
Backend Developer Intern | Jan 2023 – Jun 2023

• Developed backend services and CRUD APIs using Spring Boot, Hibernate, and JPA. • Built and validated REST APIs for the *CloudNode* project using Postman. • Applied OOPs principles, optimized SQL queries, and supported backend automation tasks. • Assisted in debugging and improving backend workflows for production stability.

Soft Skills

Problem Solving | Team Collaboration | Mentoring | Communication | Adaptability | Time Management

Education

Bachelor of Engineering (B.E.) in Electrical Engineering
Sinhgad Institute of Technology, Lonavala – Pune University
Graduated: June 2022 | Percentage: 75.5%

Languages

- English: Native Proficiency
- Hindi: Professional Proficiency
- Marathi: Professional Proficiency

Hobbies & Interests

• Going to the gym, playing cricket, and football

Certification

- Python (Basic) Certified – HackerRank
- SQL (Basic) Certified – HackerRank
