OBJECTIVE

To get an opportunity where I can make the best use of my potential, creativity and explore number of things and contribute to the organization's growth.

EDUCATION

Bachelor of Technology, (CS) , Acropolis Institute of Technology and Research, Indore 2019-2023

SKILLS

C, C++, HTML, CSS, Javascript, Bootstrap, Angular, React, Java, Python, Mysql, REST APIs, AWS, Django, Flask, RAG, Liama-index, Vector DB, Redux Toolkit, React Query, TypeScript (strict mode), MUI, Jest, Ruby, Rails

EXPERIENCE

Software Developer May 2023 - Present

Masstech Solutions *Remote*

- Experienced in the full stack development, Involved in all steps of the software development lifecycle, from requirement gathering to deployment and maintenance. Ensure smooth operation by proactively identifying and resolving issues. Proficient in debugging and optimizing code for better performance. Focused on delivering seamless user experiences through efficient problem-solving. Adept at working in fast-paced environments and meeting deadlines. Passionate about writing clean, maintainable code and following coding standards.

PROJECTS

Image Processing Service- Build a service that allows users to upload and process images. Scalable E-Commerce Platform- Build an e-commerce platform using microservices architecture. Real-time Leaderboard- Create a real-time leaderboard system for ranking and scoring. Fitness Tracker- App to let users track their workouts and progress. Weather Web App- Build a weather app that fetches and displays weather for a given location. Expense Tracker- Build a simple expense tracker to manage your finances. Weather API Build a weather API that fetches and returns weather data

Orchestrate Redshift ETL using AWS Glue and Step Functions- The orchestration of Extract, Transform, Load (ETL) processes is a critical part of modern data processing pipelines, especially for large-scale datasets. This project explores the use of AWS Glue and Step Functions to orchestrate Redshift ETL processes, providing a highly scalable, reliable, and cost effective solution for data processing.

CERTIFICATION

- AWS Certified Cloud Practitioner.
- Palo Alto Networks Cybersecurity Foundation.

EXTRA-CURRICULAR ACTIVITIES

- Actively involved in facilitating online events, career conversations, and more alongside other admins and a team of volunteer.
