PROFESSIONAL SUMMARY

HR professional with 3+ years of experience across full-cycle Talent Acquisition — including niche IT hiring (.NET, React, Java, Oracle ERP, AWS/Azure, Data Engineering, Full-Stack, Mobile, MuleSoft, Python/DevOps) — HR Operations, and employee lifecycle management. Skilled in onboarding & induction, HRIS administration (Darwinbox, ZohoPeople, greytHR, Freshteams ATS), leave & attendance coordination, and background verification, with strong Excel/Power BI-driven recruitment MIS reporting and a track record of managing multiple stakeholders to deliver a smooth, compliant employee experience.

CORE SKILLS & TOOLS

Talent Acquisition & Technical Recruitment

- End-to-end recruitment lifecycle management: requisition intake, sourcing, screening, interview coordination, offer negotiation, and candidate communication
- Niche and technical hiring across .NET, React, Java, Oracle ERP, AWS/Azure cloud platforms, Data Engineering, Full-Stack Development, Mobile Engineering, MuleSoft, and Python/DevOps roles
- Boolean search strings, LinkedIn Recruiter sourcing, and Freshteams ATS pipeline management
- Pre-screened candidate pool building, talent mapping, and passive-candidate engagement
- Offer structuring and negotiation support, and offer-to-join tracking
- Stakeholder management with hiring managers and leadership on role scoping, JD alignment, and hiring strategy

Onboarding, Induction & IT/Admin Coordination

- Onboarding kit preparation, induction facilitation, and new-hire orientation scheduling
- IT/Admin coordination for system access, workstation/seating setup, and ID card creation
- Offer letter, appointment letter, and joining-formalities documentation
- New-hire data entry and record creation in HRMS

HRIS, Data Management & Reporting

- HRMS/ATS platforms: Darwinbox, ZohoPeople, greytHR, Freshteams ATS (quick learner on Workday)
- MS Excel: VLOOKUP, Pivot Tables, conditional formatting, and data cleaning for large employee/candidate datasets
- Power BI for building recruitment dashboards and management reporting
- Recruitment MIS tracking: TAT, source-of-hire, offer-to-join ratio, and pipeline ageing analysis
- Employee/candidate record accuracy audits and data governance

Leave, Attendance & HR Operations

- Leave portal administration and leave balance updates
- Attendance tracking, exception handling, and manager escalation coordination
- Policy query resolution for employees on leave, attendance, and documentation
- Employee lifecycle transactions and payroll input data collation

Background Verification & Compliance

- BGV coordination with external vendors, report tracking, and turnaround-time monitoring
- Documentation collection, discrepancy resolution, and audit-ready record maintenance
- Statutory and compliance awareness across the employee lifecycle

HR Generalist & Employee Relations

- HR policy drafting support and general HR documentation
- Employee relations support and performance review cycle coordination
- Cross-functional coordination via MS Teams / Slack

PROFESSIONAL EXPERIENCE

HR Executive — Talent Acquisition (Level III) | Zimetrics Technologies *June 2023 – Present*

Technical & Niche Talent Acquisition

- Own end-to-end recruitment lifecycle — sourcing, screening, interview coordination, offer negotiation, and candidate communication — for niche IT and leadership mandates spanning .NET, React, Java, Oracle ERP, AWS/Azure, Data Engineering, Full-Stack, Mobile, MuleSoft, and Python/DevOps roles
- Maintain a 90%+ offer acceptance rate across niche IT and leadership mandates through structured candidate engagement and expectation-setting
- Manage 15–20 concurrent hiring mandates with zero stakeholder escalations, coordinating multi-round technical interviews between candidates and hiring teams
- Partner with hiring managers to translate technical role requirements into precise job descriptions and sourcing strategies

Sourcing & Pipeline Management

- Source and engage passive technical talent using LinkedIn Recruiter and Boolean search techniques
- Build and maintain pre-screened candidate pools for recurring niche technology mandates to reduce time-to-fill
- Built a zero-cost referral network contributing to 30%+ of all successful hires
- Track candidate pipeline health in Freshteams ATS, flagging stalled requisitions for proactive follow-up

Interview Coordination & Offer Management

- Schedule and coordinate multi-round technical and leadership interviews across candidates, panelists, and hiring managers
- Manage offer negotiation and communication, aligning compensation expectations between candidates and leadership
- Track offer-to-join conversion and proactively address drop-off risks before joining date

Onboarding, Induction & IT/Admin Coordination

- Prepare offer/appointment letters and complete onboarding documentation for incoming hires
- Coordinate with IT/Admin for system access, seating, and ID creation ahead of each joining date
- Facilitate employee induction sessions for a smooth, structured joining experience
- Capture and validate new-hire data entry in HRMS at the point of joining

Background Verification

- Coordinate BGV checks with external vendors and track report progress against agreed TAT
- Maintain BGV documentation and resolve discrepancies flagged during the verification process

HRIS, Data Accuracy & Systems Administration

- Maintain and update employee/candidate records in ZohoPeople with a strong focus on data accuracy — directly transferable to Workday-based data entry and record-keeping
- Run periodic data accuracy checks across HRMS records to support downstream payroll and reporting processes

Recruitment MIS, Reporting & Analytics

- Track weekly recruitment MIS using Excel (VLOOKUP, Pivot Tables) — TAT, source-of-hire, offer-to-join ratio, and pipeline ageing — reporting directly to leadership
- Build Power BI views to visualize hiring funnel performance and support leadership decision-making
- Reduced average time-to-fill by ~20% through structured pipeline management and data-driven prioritization

Leave & Attendance Operations

- Administer the leave portal, process leave balance updates, and track attendance across the employee base
- Resolve employee policy queries on leave and attendance, escalating exceptions to managers where required

HR Generalist Support, Policy & Documentation

- Support employee lifecycle transactions (confirmations, transfers, exits) and related documentation
- Assist in HR policy drafting and maintenance of general HR documentation
- Collate payroll input data ahead of monthly payroll cycles
- Respond to day-to-day employee queries on HR policies, documentation, and joining formalities

Employee Relations & Cross-Functional Collaboration

- Support employee relations matters and coordinate performance review cycles with managers
- Act as a point of coordination between candidates, hiring managers, IT/Admin, and external vendors throughout the hire-to-onboard process
- Collaborate cross-functionally via MS Teams / Slack to keep hiring and onboarding timelines on track
