Rutuja Godambe

rutujagodambe43@gmail.com +91 9699840563

SUMMARY

AI & ML student with strong full-stack web development skills with HTML, CSS, Javascript, Python, SQL, Django, AI/ML, React.js, and web application development with internship experience in building responsive and scalable applications. Passionate about software development, problem-solving, and AI-based solutions.

EDUCATION

B.E, Artificial Intelligence & Machine Learning 2022 – 2026
ACEM, Savitribai Phule Pune University (9.10 CGPA)

Higher Secondary School 2021 – 2022
Shri fattechand jain junior college ,Pune (85%)

SKILLS

SQL: Joins, Subqueries, CRUD operations, Constraints, Window Functions, Data Modeling
Python: Loops, Functions, OOPS, Pandas, Matplotlib
AI / Machine Learning: Supervised Learning (Classification), Logistic Regression, NLP Basics, TF-IDF, Model Evaluation , Deep Learning Basics, Neural Networks
Generative AI & LLMs: Prompt Engineering, Large Language Models (LLMs), Generative AI Basics, OpenAI APIs, AI Chatbots
Web Development: HTML, CSS, JavaScript, Django

PROJECTS

AIML Department Website July 2024

SQL | HTML/CSS | React.js | JavaScript | Bootstrap

- Developed a centralized website for the Artificial Intelligence and Machine Learning department.
- Built responsive user interface using HTML, CSS, and React.js.
- Created modules for faculty details, course information, announcements, and student resources management.
  Improved accessibility and navigation by designing a structured and mobile-friendly interface.
- Collaborated with team members using GitHub under the guidance of Prof. Prachi Tamhan.

INTERNSHIPS

Full-Stack Web Development Intern – Yhills Educate Pvt. Ltd. Jan 2025 – Apr 2025
- Worked on web applications using HTML, CSS, JavaScript, and React.js.
- Assisted in integrating REST APIs using Node.js and Express.js.
- Performed CRUD operations using MongoDB.

MERN Stack Developer Intern – Provaantech Pvt. Ltd., Pune Jun 2025 – Oct 2025
- Developed full-stack web applications using MongoDB, Express.js, React.js, and Node.js.
- Built responsive user interfaces and implemented backend functionality.
- Used Git and GitHub for version control and collaborative development.

CERTIFICATES

Andriod Developer Virtual Internship – AICTE & AduSkills

Infosys Sprinboard Certificate in AI
