SUMMARY

Talent Acquisition Specialist with 4+ years of experience in end-to-end recruitment across IT and Non-IT functions. Experienced in hiring for AI, Software Engineering, Product, Engineering Leadership, and various business roles including Sales, HR, Operations, and Finance. Skilled in talent sourcing, candidate screening, stakeholder management, interview coordination, offer negotiation, BGV, onboarding, and candidate engagement. AI (L1) certified with a strong understanding of emerging AI technologies and hands-on experience leveraging AI tools such as ChatGPT, Claude, Cursor, and GitHub Copilot to improve sourcing, screening, and recruitment productivity.

EXPERIENCE

Talent Acquisition Specialist, ProductSquads LLP, Ahmedabad *Dec 2025 – Aug 2026*

- Manage end-to-end recruitment for GenAI Engineers, Engineering Managers, Technical Leads, Full Stack Engineers, QA Engineers, Atlassian Administrators, Scrum Masters, and other niche technology roles.
- Partner with engineering leaders and hiring managers to understand technical requirements, define hiring strategies, and deliver high-quality talent.
- Conduct technical screening to assess candidate experience across AI/GenAI, Python, Java, .NET, React, Node.js, AWS, Azure, Microservices, DevOps, LLMs, RAG, LangChain, and Agentic AI.
- Source passive and active candidates using LinkedIn Recruiter, Boolean Search, X-Ray Search, job portals, referrals, and networking.
- Coordinate the complete interview process, including scheduling, interviewer alignment, feedback collection, and candidate communication.
- Manage offer rollout, salary negotiations, background verification (BGV), onboarding, and pre-joining engagement to ensure a smooth hiring experience.
- Maintain talent pipelines and recruitment dashboards while tracking hiring metrics and reporting progress to leadership.
- Collaborate with business leaders to improve recruitment processes and reduce time-to-hire for critical positions.
- Utilize AI-powered tools such as Claude, ChatGPT, Cursor, GitHub Copilot, and Antigravity for job description creation and recruitment productivity.
- Build strong relationships with candidates and stakeholders to deliver an excellent hiring experience.

Recruitment Executive, Integrated Resources Incorporation, Ahmedabad *Jan 2024 – Jun 2025*

- Understood client requirements and identified candidates matching the job description through detailed profile comparison.
- Sourced and screened matched resumes from job portals including JobDiva, LinkedIn, Dice, Monster, CareerBuilder, and Indeed.
- Gained thorough understanding of open positions, submitted closely matched profiles, gathered necessary details from consultants, and finalized the hiring process.
- Worked on Non-IT and business professional requirements.
- Established and maintained relationships with potential candidates and industry contacts.

Recruitment Associate, Rangam Consultants / RIPL Technologies Pvt. Ltd *Oct 2022 – Oct 2023*

- Understood client requirements and identified suitable candidates by mapping profiles against job requirements.
- Sourced and screened matched resumes from SourcePros, LinkedIn, Dice, Monster, CareerBuilder, and Indeed.
- Worked on W2 and 1099 tax terms.
- Developed in-depth understanding of positions, submitted exact-match profiles, and closed candidates in coordination with consultants.
- Managed sourcing, screening, scheduling, and closing based on requirement needs.
- Held regular discussions with hiring managers on position updates and priorities.
