VARADA JADHAV

Python Backend Development | SQL

Phone: 9665330206 Email: varadajadhav0604@gmail.com LinkedIn

SUMMARY

BE Computer Science (AI & ML) student with hands-on experience developing **Python-based systems** that automate institutional and business processes. Built secure, database-driven systems featuring authentication, CRUD operations, and automated reporting through academic, industry-sponsored projects, and AI-focused internships. Passionate about building scalable backend solutions and solving real-world problems using Python.

EDUCATION

BE CSE(AIML) **2022-2026**
Gharda Institute of Technology, Lavel (University of Mumbai)
CGPA: 8.60

SKILLS

Programming Languages: Python, SQL, R
Backend: Django, REST APIs , Object Oriented Programming(OOP), MVC Architecture, Git, GitHub
Databases: MySQL, MongoDB, Oracle SQL
Tools: Git, GitHub, VS Code, MySQL Workbench
AI & Data: NumPy, SciPy, Pandas, Matplotlib, Seaborn, Power BI, Excel
Strengths: Proactive in Clarification, Soft-Spoken, Communication, Active Listener, Willingness to learn, Accountable

INTERNSHIPS

AI Powered Data Insights Intern | Excelerate, Dubai (Remote) **Mar 2025-Apr 2025**

- Developed **Python-based data processing** workflows for **predictive analysis** using student datasets.
- Collaborated with cross-functional teams to integrate **AI prediction models** into practical business solutions.
- Assisted in building **backend logic** supporting **data-driven decision-making** for educational institutions.
- Worked with structured datasets and model evaluation.

Data Visualization Intern | Excelerate, Dubai (Remote) **Feb 2025-Mar 2025**

- Processed and cleaned large datasets using Python and Excel.
- Developed reusable Python scripts for preprocessing and business reporting.
- Built interactive dashboards to visualize processed data and support business decisions.

PROJECTS

Academic Accreditation Management System | Tech: Python (Flask), MongoDB Atlas, Pandas, HTML, CSS, JavaScript

- Developed a **web application** with authentication, role-based access control, and CRUD functionality to manage academic, extracurricular, and placement data.
- Built backend modules using **Pandas and MongoDB Atlas** to automate **NBA (Criterion 4) and NAAC report generation.**
- Automated **report generation** from uploaded datasets, **reducing report preparation time** from approximately **4 hours to 5 minutes per batch.**

ERP System for Deepak Color Chem(Sponsored Industry Project) | Tech: Python (Tkinter), MySQL, Excel

- Developed a **Python (Tkinter)** and **MySQ**L-based ERP application to automate inventory, employee, billing, and document management processes.
- Designed **relational databases** and implemented **CRUD** operations using modular **OOP** principles.
- Automated business workflows, reducing manual effort and improving operational efficiency.

Mess Master – Hostel Mess Process Automation | Tech: Python, MySQL, Email SMTP

- Developed a **Python-MySQL** based hostel mess management system that **automated attendance tracking** for **100+** hostel students using an **ID-based** system.
- Integrated **Email SMTP** for automated **monthly bill generation**, reducing manual effort and processing time.

COURSES/CERTIFICATIONS

- NPTEL: The Joy of Computing Using Python – IIT Madras
- AWS Academy Cloud Foundations
- Python for Data Science with Assignments – Udemy
- Deloitte Australia Data Analysis Virtual Job Simulation – Forage

ACHIEVEMENTS & EXTRACURRICULAR ACTIVITIES

- Recognized as a **Star Performer**; awarded a **$1000** scholarship from **Saint Louis University, UAE** through **Excelerate** Internship Program.
- Received a **₹5,000 cash award** for developing a customized ERP application for **Deepak Color Chem**, with the project ranking among the **Top 4** in the departmental evaluation.
- **Campus Ambassador & Regional Manager**, International STEM & Robotics Championship (**ISRC**) – Led and mentored 3 teams across regions.
- **Event Organizer, BRAINS** (Departmental Student Association, GIT Lavel) – Successfully coordinated technical events & workshops
