9 Years of experience, including 4 years as a D365 Functional Consultant for Microsoft Dynamics ERP. Successfully executed multiple projects and supported post-implementation phases. Experienced in management reporting. Played a key role in implementing electronic reporting for the Italy entity to ensure compliance and efficiency.

## Work Experience

2022-11 – Current

### Functional Consultant Intwo (Levtech)

**Project Experience:**

Client: **Emaar** (Microsoft Dynamics 365 Finance)

- Worked with users and business teams to understand processes and resolve issues
- Handled daily functional support tickets with a strong focus on SLA compliance
- Provided support across modules like GL, AP, AR, FA, and Cash & Bank
- Collaborated with technical teams for integrations, data migration, and customizations.

Client: **Meininger Hotels** (Microsoft Dynamics 365 Finance)

- Managed end-to-end electronic reporting setup for the Italian legal entity
- Created Functional Design Documents (FDDs) for:
  Integration with Sihot (Purchase Order Invoice and Invoice Journal)
  Integration with Cisbox (Sales Order and FTI)
  Tesi automation for e-invoicing
- Resolved client-reported issues through root cause analysis
- Conducted user training and managed User Acceptance Testing (UAT)
- Coordinated with users and technical teams to ensure successful implementation

Client: **Emara tech** (Microsoft Dynamics AX 2012)

- Provided functional support using table-level access, without technical help
- Resolved AX 2012 issues while maintaining 100% SLA compliance
- Experience in coordinating with development team for business requirement development review and inspection.
- Client: **OIC** (Microsoft Dynamics 365 Finance)

- Handled customization requests raised through support tickets
- Worked with the development team to review and guide design changes
- Managed documentation, testing, and user training for all updates
- Created and customized management reports based on customer needs to help with business decisions and improve visibility.

## Work Experience

2020-04 - 2022-11

### Senior Operations Accountant – ERP end user

*Wells Fargo, BANGALORE, India*

- Processed and validated journal entries, invoices, payments, and receipts in D365 Finance
- Generated and analyzed financial reports (trial balance, P&L, balance sheet, aging reports) using D365 Finance.
- End user of Microsoft Dynamics 365 Finance, supporting GL, AP, AR, and Expense Management financial reporting
- Conducted sessions for all tested and implemented modules.

2016-05 - 2020-04

### Transaction Processing Analyst – OTC Brokerage

*J P Morgan, BANGALORE, India*

- Tracking invoices in the system received from the broker on monthly basis.
- Consolidating invoices received from the broker and internal data uploading into the system.
- Performing reconciliation between broker data and trade data and making payment.
- Working together with brokers in instance of missed trade and seeking trade confirmation.
- If there are any brokerage mismatches in trades, go back to broker and query them if they agree to match paying if not passing middle office for further confirmation.

- Performing brokerage calculation as per the rate card provided by the broker.
- Prioritizing the broker query.

## Achievements

- Received client recognition for consistently delivering high-quality solutions and support in functional consulting.
- Praised for promptly addressing user queries and providing weekend support.
