OBJECTIVE

Detail-oriented QA Engineer with hands-on experience in UI and API automation testing, including end-to-end test scenarios. Proficient in automation tools such as Cypress and Pytest, and programming languages including JavaScript and Python. Committed to delivering high-quality software through effective bug reporting, strong problem-solving skills, and continuous learning, while contributing as a reliable and collaborative team player.

WORK EXPERIENCE

Jan 2024 to Present
Associate Software QA Engineer – Automation at Lemma Technologies Pvt Ltd. Pune

❖ Designed and implemented scalable automation frameworks for CMS and Media Planning web applications, increasing automation test coverage by 70% and reducing manual testing effort by 30%.
❖ Automated UI testing for Windows Player (WinAppDriver) and Android Player (Appium) applications, ensuring stable multi-platform releases (versions 8–16).
❖ Conducted manual testing of CMS, media planning applications, and Windows and Android player version 8-16 apps and maintained detailed test documentation.
❖ Executed integration, system, and regression testing to ensure comprehensive software quality.
❖ Collaborated with cross-functional teams to identify, report, and resolve defects efficiently.
❖ Maintained high testing standards while balancing automation and manual testing efforts.
❖ Gained strong knowledge of automation testing methodologies, including industry-standard techniques and best practices.
❖ Developed test scenarios and test cases, automated test cases, prepared test data, executed tests, and managed the defect/bug lifecycle.
❖ Participated in all phases of the Software Development Life Cycle (SDLC), including analysis, design, implementation, automation, testing, and maintenance within CI/CD environments.
❖ Worked in Agile methodologies and utilized tools such as JIRA, Confluence, and Git for project management, collaboration, and technical documentation.
❖ Hands-on exposure to Workato for building automation workflows, API integrations, and data synchronization between enterprise applications using REST APIs, JSON, and XML.
❖ Experience with integration testing, debugging API workflows, and validating end-to-end data flow to ensure reliable system integrations.
❖ Collaborated with cross-functional teams to automate business processes, improve workflow efficiency, and support scalable integration solutions within Agile/CI-CD environments.

Projects:

- ❖ UI Automation of Media Planning Tool - cypress – JavaScript/Pytest - Python
- ❖ UI Automation of Screen Management System - cypress – JavaScript
- ❖ UI Automation of Campaign Management Web Application - Cypress / Playwrite - JavaScript.
- ❖ API Automation of CMS Web Application - Pytest - Python
- ❖ API Automation of Media Planning Tool - Pytest - Python

EDUCATIONAL QUALIFICATION

- ❖ MSc in Computer Science from KBCNMU Jalgaon.
  Jun 2022 – Jun 2024.
  Grade :- A
- ❖ Graduation in BSc Computer Science from KBCNMU Jalgaon
  Jun 2019 – Jun 2022.
  Grade :- O

TECHNICAL SKILLS

- ❖ **Programming Languages:** JavaScript, Python, Java, C++
- ❖ **Tools:** CI/CD, Git, JIRA, Postman, Playwright, Appium, Appium Inspector, WinAppDriver, Rest Assured, Allure Report, Code Coverage Report, K6
- ❖ **Frameworks:** Selenium, TestNG, JUnit
- ❖ **Process:** Agile, Exploratory Testing, Sanity Testing, Regression Testing, Functional Testing, Performance Testing
- ❖ **Software / IDEs:** Cypress, Pytest, SQL , Visual Studio Community 2022, Visual Studio Code, MATLAB, IDLE, Google Colab, Eclipse
- ❖ **MS Office:** MS Word, MS Excel, PowerPoint
- ❖ **Scripting:** XPath, CSS Selectors

AWARDS AND ACHIVEMENTS

- ❖ Spot Award in recognition of exceptional performance and outstanding contributions to testing multiple projects(Q1-2025).
