About

Results-driven Microsoft D365 F&O Technical Developer with 2.5 years of experience in designing, customizing, and extending ERP solutions using X++, .NET, and C#. Skilled in developing integrations using REST APIs, OData, and custom services. Experienced in extension-based development, SSRS reports, data migration (DMF), Azure devops and LCS management.Proven ability to work closely with functional teams to deliver scalable, efficient solutions across all modules.

Experience

- **PwC India** Aug,2023 - present
  Associate
  - Developed and customized solutions using X++, SQL, and .NET for various business modules
  - Worked extensively on **API integrations** using REST and OData, including authentication, data transformation, and error handling.
  - Designed and implemented: **E-Invoice** and **E-Way Bill** generation for Transfer Orders
  - **Logistics partner integration** for real-time shipment updates, tracking, and delivery confirmation using secure REST APIs.
  - **Vendor payment bank integration**, automating payment file generation response handling, and status updates within D365, SMS
  - WhatsApp and text msg notification integrations.
  - POS development/integration including RTS calls from F&O
  - Extensively worked on SSRS reports, data entities, custom workflows, batch jobs, and COC/event handlers for standard processes.
  - Responsible for building and troubleshooting Customization Analysis Report **(CAR)** adhering to best practices.
  - Managed and executed production deployments via LCS, including deployable package creation, code merging, release management, and rollback planning.
  - Managed Azure DevOps pipelines and database tasks, including builds, deployments, and SQL/data operations across environments.

Education

- **Indian Institute of Information Technology, Jabalpur** 2023
  Bachelor of Technology

Skills

- Microsoft Dynamics 365 F&O
- D365 F&O Modules
- X++ programming language.
- .net , c#
- SQL , SSMS server
- Data Analytics
- Azure DevOps, LCS
- Supply Chain Management

Courses And Training

- Google Data Analytics Certificate
- Python : NPTEL
- Supply Chain Management :NPTEL
