Education

G.H Raisoni College Of Engineering **June 2018 – June 2022**
Bachelor of Engineering in Electronics & Telecommunication Engineering *CGPA: 8.07*

Experience

React Developer – Tata Consultancy Services **Aug 2022 – Present**
Frontend Developer

- Developed scalable and high-performing web applications using React 18, Redux Toolkit, and TypeScript.
- Built reusable UI components using React Hooks, Context API, and Tailwind CSS, improving code maintainability and reducing redundancy by 35%.
- Integrated RESTful APIs and optimized rendering logic via lazy loading and memoization, reducing page load time by 40%.
- Implemented form validation, data tables, and complex workflows for internal management systems.
- Wrote unit and integration tests with Jest and React Testing Library, increasing coverage to 85%.

Business Analyst – Tata Consultancy Services **Aug 2022 – Present**
Client Requirement Analysis

- Bridged the gap between client requirements and technical teams to deliver data-driven web solutions.
- Gathered and documented business requirements and translated them into technical specifications.
- Raised and tracked RITMs via ServiceNow ensuring workflow compliance and timely approvals.
- Updated sprint deliverables and progress reports on SharePoint for cross-functional teams.

Projects

AI To-Do List — Live Demo
React.js, HTML5, CSS3, OpenAI API

- Developed an AI-powered to-do list web app that categorizes tasks into "Important" and "Normal" lists using intelligent suggestions from the OpenAI API.
- Implemented CRUD operations (Add, Edit, Delete, Update) with responsive design and smooth state management using React Hooks.
- Integrated OpenAI API to generate task ideas, reminders, and priorities based on user input.
- Enhanced user experience with persistent data storage via `localStorage` and a clean, minimal UI built with CSS3.

Technical Skills

Frameworks & Libraries: ReactJs, Redux Toolkit, React Native, Node.js, Context API, React Hooks

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3, SQL

Testing Tools: Jest, React Testing Library

Development Tools: Webpack, GitHub Actions, ESLint, Prettier, VS Code, Postman

Practices & Methods: Agile, Scrum, CI/CD, Code Splitting, Lazy Loading, Responsive Web Design, Performance Optimization

Achievements

Won Best Speaker at BRIO Toastmaster International Club.
