# TEJAS JAMDHADE

## QA Automation Engineer

8378092544 | tejasjamdhade42@gmail.com | https://www.linkedin.com/in/tejas-jamdhade | Pune

## SUMMARY

QA Automation Engineer with 3.5+ years of experience in Java, Selenium WebDriver, Playwright, Cucumber BDD, POM, Maven, and TestNG. Experienced in API testing using Postman, SQL validation, JIRA, Jenkins CI/CD, and Manual Testing, with hands-on experience in Regression, System, Integration, Functional, Non-Functional, Patch, and Citrix testing. Skilled in using AI tools such as GitHub Copilot, ChatGPT, and Cursor for automation development, debugging, code optimization, and test-case generation. Strong knowledge of SDLC, STLC, and Agile, with a proven track record of improving test coverage and reducing testing effort and execution time.

## EXPERIENCE

### SR Software Test Engineer

**Capgemini**

02/2024 - Present | Pune, India

Company Description

- Developed and maintained scalable automation frameworks using Selenium WebDriver, Playwright, Cucumber BDD, and TestNG.
- Automated 80% of regression test cases, reducing manual effort and improving test execution efficiency.
- Integrated automation suites with Jenkins CI/CD for continuous testing and faster releases.
- Managed test cases and defects using JIRA, ensuring effective tracking and collaboration.
- Performed manual, regression, system, integration, functional, non-functional, patch, and Citrix testing.
- Performed API testing using Postman and SQL validation for end-to-end data verification.
- Used GitHub Copilot, ChatGPT, and Cursor for automation development, debugging, code optimization, test-case generation, and SQL assistance.

### Associate Software Test Engineer

**Capgemini**

04/2023 - 02/2024 | Pune, India

Company Description

- Developed and maintained robust automation scripts using Selenium WebDriver and Playwright with Java for functional and regression testing.
- Designed and implemented Cucumber BDD frameworks, improving test coverage by 95% and reducing manual testing effort.
- Created and executed TestNG test suites with parameterization, grouping, and parallel execution to improve efficiency.
- Performed API testing using Postman and SQL validation for end-to-end data verification.
- Collaborated with cross-functional teams on Essity projects to identify and resolve defects, ensuring high-quality releases.
- Used GitHub Copilot, ChatGPT, and Cursor for automation development, debugging, code optimization, and test-case generation.

## EDUCATION

### Master of Computer Applications (CGPA: 8.96)

**Sinhgad Institute Of Management**

2020 - 11/2022

### Bachelor of Computer Applications (CGPA: 7.05)

**Shivaji University**

02/2018 - 02/2020

## SKILLS

Manual Testing | Selenium | POM | TestNG | Maven | JAVA | GIT/GITHUB | Cucumber(BBD) | Playwright | JavaScript | Web Application Testing | Mobile Testing | Regression Testing | Sanity Testing | System Testing | Patch Testing | Integration Testing | Jira | Non-Functional Testing | Agile | Test Case Design | Bug Tracking | Sprint Planning | RSD Creation | SQL | CI/CD Pipeline | Jenkins | GitHub Copilot | Cursor

## CERTIFICATIONS

**1]Agile/Scrum Certification**

**2] AWS Certified Developer – Associate**

**3] AWS Certification**
