AKSHAY SHETTY

Software Engineer | React.js · Angular · React Native · TypeScript · Next.js · Node.js · SQL · NoSQL · AWS | Immediate Joiner

shettyakshay744@gmail.com | +91 8007859409 | in/shettyakshay744 | Pune, India

PROFESSIONAL SUMMARY

Software Engineer with **2.4 years of experience** building scalable, responsive web and mobile applications using frontend and Backend with **React.js, Angular, Next.js, TypeScript, React Native and AWS**. Experienced in state management, API integration. Proficient in **CI/CD pipelines, Jest unit testing, Webpack, component libraries**, REST API integration, and delivering high-quality features in **Agile/Scrum** environments. Proven track record of improving user engagement by 25% and reducing development time by 30% through reusable, performance-optimised UI architectures.

TECHNICAL SKILLS

Frameworks	React.js, Angular, Next.js, React Native, Redux, RxJS, jQuery
Languages	JavaScript (ES6+), TypeScript, HTML5, CSS3
UI/UX	Tailwind CSS, Bootstrap, Material UI, Figma, Semantic HTML, SaaS
Testing & CI/CD	Jest, React Testing Library, Cypress, Webpack, Babel, GitHub Actions, CI/CD Pipelines
APIs & Tools	REST APIs, GraphQL, Git, GitHub, Bitbucket, GitLab, Jira, Postman, VS Code, Agile/Scrum
Backend	Node.js, Express.js, MongoDB, Firebase, Supabase, AWS

PROFESSIONAL EXPERIENCE

Software Developer Sep 2024 – Dec 2025

Spry Therapeutics Pvt. Ltd. *Pune, India*

- Developed a physical therapy web application using Angular and TypeScript with dynamic forms, SOAP note documentation, and eFax integration, reducing clinic admin time by filtering, managing and optimising in the backend api load with AWS.
- Built a ticketing management system enabling billers to track and resolve clinic tickets 35% faster, integrating REST APIs and real-time status updates, using React and backend implementation.
- Built an appointment scheduler with calendar sync & conflict detection, reducing errors by 50% across 3 clinics.
- Built a config-driven reusable React.js component library, cutting feature development time by 30% and adopted across 5+ modules.
- Wrote unit and integration tests using Jest and React Testing Library, achieving 80% code coverage and reducing QA cycle time by 25%.
- Set up CI/CD pipelines using GitHub Actions and Webpack, cutting build and deployment time by 45% with zero manual release errors.

Frontend Developer May 2023 – May 2024

Intangles Lab Pvt. Ltd. *Pune, India*

- Developed responsive, cross-browser-compatible interfaces for fleet and vehicle health monitoring platforms using React.js, Angular and Node.js, serving 10,000+ enterprise users.
- Enhanced mobile usability and cross-browser compatibility using CSS3 and Material UI, resulting in ~25% higher user engagement and 20% lower bounce rate.
- Built 6 operational dashboards for fuel efficiency, vehicle tracking, DEF usage, and real-time alerting by integrating IoT telemetry data via REST APIs and GraphQL.
- Integrated Google Maps API for real-time vehicle tracking and geofencing alerts, reducing fleet incident response time by 30%.
- Enhanced application performance by optimising rendering and reducing unnecessary re-renders.
- Collaborated in Agile/Scrum sprints using Jira, delivering 12 features on schedule with 95% on-time delivery rate.

PROJECTS

Portfolio Website — JavaScript, Node.js, MongoDB, React.js, Next.js, Angular, TypeScript, Tailwind CSS, Webpack | Showcases projects, tech stack & professional journey https://portfolio-rose-six-45.vercel.app/

EDUCATION

Bachelor of Engineering (BE) · Electronics and Telecommunication
N. K. Orchid College of Engineering & Technology

LANGUAGES

English · Hindi · Marathi · Telugu · Kannada
