Professional Summary

- Backend Developer specializing in Python with expertise in Django and Flask frameworks. Skilled in building microservices architectures, designing RESTful APIs, and optimizing database performance. Experienced in full deployment lifecycle management using CI/CD tools and cloud platforms. Combines strong algorithmic thinking from competitive programming with practical software engineering experience.

Experience

- **Gavkari Agro Producer Company Limited** Pune, Maharashtra
  Python developer *Mar 2023 - Present*
  - **Backend Services**: Developed and maintained scalable backend services using Python, Django, and Flask, implementing business logic, authentication, and data validation for web and mobile applications. Enhanced system performance by 25% through optimization techniques.
  - **RESTful APIs**: Designed and implemented robust REST APIs to support frontend and internal applications, ensuring optimized performance and secure data handling. Reduced API response time by 30% through caching strategies.
  - **Internal Admin Panel**: Built backend APIs for internal admin operations, including user management, role-based access, reporting, and system configuration workflows. Automated reporting processes, saving 10+ hours weekly.
  - **Database Management**: Worked with MySQL and PostgreSQL for schema design, query optimization, and data integrity, handling large-scale data efficiently. Improved query performance by 40% through indexing and optimization.
  - **Code Quality and Collaboration**: Followed PEP-8 standards, refactored and debugged existing code, and collaborated with frontend and QA teams using Git/GitHub for version control and deployment. Increased code coverage to 85% through comprehensive testing.
  - **Tech Stack**: Python, Django, Flask, REST APIs, MySQL, PostgreSQL, Git/GitHub, Docker, Jenkins

Projects

- **Cab Service Provider** *Sep 2024 – Present*
  - Developed a backend system integrating cab payments with Mahindra Finance's loan collection process
  - Built and optimized RESTful APIs using Python and Django for improved system performance
  - Designed database schemas in PostgreSQL ensuring high-performance operations
  - Implemented full-stack features with Angular frontend and Django backend
  - Managed CI/CD pipelines with Jenkins and Docker for efficient deployment
  - Ensured system security and smooth integration with external financial services
  - Reduced API response time by 30% through query optimization and caching strategies

  Tech Stack: Python, Django, Angular, PostgreSQL, Jenkins, Docker, REST APIs

- **Mahanidhi Loan Application** *Mar 2023 – Sep 2024*
  - Developed and maintained a microservices-based lending application for web, mobile, and iOS
  - Implemented backend APIs for customer onboarding and loan processing workflows
  - Coordinated deployments of independent services using automated CI/CD pipelines
  - Managed logging and monitoring systems for performance and security
  - Collaborated with cross-functional teams to ensure seamless feature delivery
  - Integrated third-party services and ensured platform compatibility
  - Designed microservices architecture reducing system downtime by 60%

  Tech Stack: Python, Django, Flask, PostgreSQL, Docker, Microservices, CI/CD, REST APIs

Skills

- **Frontend:** HTML, CSS, Javascript, Angular
- **Backend:** Python, Django, Flask, RESTful API, Django ORM, DSA
- **Databases:** MySQL, SQLite, PostgreSQL, MongoDB
- **DevOps & Cloud:** Docker, Azure Cloud, Jenkins, Git/GitHub, CI/CD pipelines, AWS
- **Programming Languages:** Python, SQL, JavaScript
- **Tools & Technologies:** Postman, JWT, OAuth, Linux
- **Additional:** Data Structures & Algorithms, Java, Agile Methodologies

Online Profiles

- LeetCode – Solved 400+ coding problems
- GitHub – https://github.com/gj701763

Education

- **Government College of Engineering, Chandrapur** — Chandrapur, Maharashtra
  B.E Computer Science & Engineering (CGPA: 7.5) — *2021 – 2025*
- **Vivekanand Vidya Mandir Junior College** — Buldhana, Maharashtra
  HSC (87.17%) — *2020 – 2021*
- **S.M.T. Indira Gandhi High School, Ramnagar** — Jalna, Maharashtra
  SSC (86.40%) — *2018 – 2019*
